Dear Kerry and Chartwells,

As we are an Eco-School, we were wondering if you could help us.

We are worried about how much plastic is used in serving our school meals, for example:

- Polystyrene ice-cream cups.
- Paper bags with plastic windows.
- Plastic cups for jelly, fruit and vegetables in packed lunches.

We suggest:

- Using trays instead of bags for packed lunch. To do this we could have a packed lunch table with wrapped sandwiches but everything else open for children to help themselves such as fresh from the salad bar.
- We don't want polystyrene ice-cream cups. Please can you buy a tub of ice-cream and give us scoops instead.
- Please can we have jelly and Angel Delight in a scoop on our tray, not in a plastic pot.

Thank you very much,

Yours sincerely

S. Marshall.
